

SERIOUS BUSINESS OWNERS CAN BECOME POWERFUL COMMUNITY ASSETS

WHY BUILDERS MAKE STRONGER COMMUNITIES

BUILDERS helps serious independent owners create stable, purposeful businesses - strengthening the families, congregations, neighborhoods and organizations around them.

- 1 More stable families**
A healthier business can give an owner greater financial stability, confidence and control.
- 2 Local jobs and opportunity**
Growing independent businesses create work, develop talent and keep opportunity close to home.
- 3 Greater capacity to give**
Sustainable owners can contribute more time, skill, resources and leadership to worthy causes.
- 4 Stronger stewardship**
Assessment, planning and accountability help turn good intentions into disciplined action.
- 5 Mentors and role models**
Builders share experience and show emerging entrepreneurs that responsible ownership is possible.
- 6 A connected local economy**
Trusted relationships help owners buy locally, refer one another and solve problems together.

BUILDERS DOES NOT REPLACE YOUR COMMUNITY.

We equip serious owners to contribute more fully to the people and places they already serve.
